TAYLOR GETS
90 DAYS AND
FINE OF \$200Verdict in Case in Which Assault on
Chief of Police Was Charged
is Returned

SHORTLY AFTER 2 P. M. TODAY

Judge Sparks Sentences Taylor to
Serve the Sentence in the
State Penal Farm

JURY IS OUT OVER 3 HOURS

Defense Was That Taylor Did Not
Assault Yakey—Defendant Not
Put on Stand

The jury in the case of the state against Chester Taylor, accused in a grand jury indictment of assaulting Chief of Police Yakey last Monday, returned a verdict shortly after two o'clock this afternoon, sentencing Taylor to a term of ninety days imprisonment and fining him \$200. Judge Sparks promptly sentenced Taylor to serve the term in the state penal farm at Greencastle.

The case went to the jury at exactly 10:40 o'clock when the court finished reading their instructions, after an hour and a half had been consumed in the argument.

Several spats between the attorneys took place during the argument and the court had to be called to the bench twice. Chauncey Duncan, Taylor's attorney, insisted on referring to his client as the 24-year-old, 135-pound boy and Albert Stevens, prosecuting attorney, objected on the ground that there was no evidence introduced to show what Taylor's actual weight is. Anyway, Taylor weighs more than 135 pounds.

The judge instructed the attorney for the defense to stick to the record. Mr. Duncan moved that the jury be dismissed when the prosecutor, in making his closing argument, pointed out that the defense had not taken advantage of its chance to place character witnesses on the stand to show the defendant's reputation for peace and quietude in the community. The motion of the attorney for the defense was overruled. Judge Sparks holding that the prosecutor's statement was according to court practice. He said, however, that the reputation of the defendant should not be referred to since it had not been made a part of the record.

Taylor was not placed on the stand and the prosecuting attorney, while not directly mentioning this fact, inferred that the defense was fearful of the results if he had been allowed to testify.

The whole case rested on the question as to whether Taylor actually assaulted Chief of Police Yakey. Mrs. Cornelia Lyons, a state witness, testified she saw Taylor hit him and twist his legs around while he lay on the ground. Harold Wallace, son of Frank Wallace, who saw the whole affair said he did not remember seeing Taylor strike Yakey, but that he picked up his cap and apparently tried to lift him up. He said, however, that Taylor did draw his gun.

The defendant's attorney, in his argument laid emphasis on the fact that Taylor's resisting arrest was not the offense charged, but that it had to be shown that he had assaulted Yakey. The attorney admitted that Taylor had done wrong in resisting arrest, but said he did not assault Yakey.

The prosecuting attorney insisted that Taylor should not be allowed to escape with a fine, but that he should be given the maximum jail sentence under the law, six months.

EUGENE NELSON FALLS
VICTIM TO PNEUMONIAYoung Man Dies After Few Days
Illness, Disease Developing
After the Measles

FUNERAL SUNDAY AT 2 P. M.

Eugene Nelson, the nineteen-year-old son of Mr. and Mrs. Alphonso Nelson of Union township died at the home of his parents yesterday afternoon at 3:15 following an illness of only a few days. He had been taken sick with measles and was apparently doing very nicely when lobar pneumonia developed and caused his death. He had been very strong and was a young man of almost perfect physique. His death came as a great shock.

He was born in Rush county and had always made his home here. His parents, Mr. and Mrs. Nelson, one brother, Lloyd Nelson of Milroy and one sister, Mrs. Minor Bell of Union township, survive. The funeral services will be conducted tomorrow afternoon at 2 o'clock at the Plum Creek Christian church, of which the young man was a member. The Rev. Alphonso Barnes of Gwynneville will conduct the services.

CLUBS FOR GIRLS AND
BOYS ARE IN PROSPECTOrganizations to Increase Produce
of Corn and Pigs May be Formed
at Fairview

COMMUNITY CLUB MEETING

A Canning club for the girls of the Fairview neighborhood and pig and corn clubs for the boys may result from the meeting of the Fairview Community club held last night in the school there when Mr. Beland of Purdue talked on the value of these clubs and urged that they be formed in the near future for the benefit of the young farmers. Mr. Beland's talk covered a number of practical farm questions.

"Being an American Citizen" was the subject of the interesting talk given by the Rev. G. F. Powers. Marion F. Dietrick's talk on "Treating Oats for Smut" showed the grave importance of farmer's giving their attention to this blight and following the most modern methods in treating the grain. Other numbers on the program were the selections by the orchestra, and a reading by Delores Ewbank.

The next meeting will be held the first Friday in April. An excellent attendance marked last night's meeting.

The remains of Miss Elizabeth Powell who died Sunday in Banning, Cal., have arrived in this city and were taken to the home of her uncle, Frank Flint, 218 West First street where the funeral services will be conducted tomorrow afternoon at 2:30 o'clock. Burial will be at East Hill cemetery. Miss Powell was the daughter of Mrs. Robert Collins and formerly lived in this city. Tuberculosis caused her death.

DISTRIBUTION OF
FOOD MADE EASIERNew Ruling of Postal Department
Allows 70 Pound Packages by
Parcel Post

WILL BE BOON TO FARMERS

Seven Pound Limit Will Continue on
Parcels Sent to Soldiers in
Europe

The latest ruling of the postoffice department affecting parcel post, allowing packages shipped in this way to be much larger and covering a wider scope of articles, which goes into effect March 15 will be gladly received by the farmers of Rush county who can ship their produce this way under the new regulations. Packages may then weigh as much as 70 pounds when shipped into the first, second or third zones, and as much as fifty pounds when shipped into any of the other zones. This allows for a great increase because heretofore, the limit was 20 pounds in any zone. The size shall not exceed 84 inches in length and girth combined.

The increased weight limit will be of a particular advantage to farmers as through parcel post, producers and consumers can come in direct contact, thereby facilitating the conservation and distribution of food, which is the most important factor in winning the war.

The only exception to the rule is that the increased weight limit does not apply to the mail sent the expeditionary forces in Europe. The limit for that mail is 7 pounds. For persons wishing to send packages to boys in American training camps however, the rule will prove a great convenience. Camp Taylor is in the second zone and boys there can receive packages weighing as much as 70 pounds while the boys in Camp Shelby can get parcels weighing as much as fifty pounds, for Hattiesburg is in the fifth zone.

The new rule reads: Fourth class mail matter shall embrace all other matter, including farm and factory products (and books) not now embraced by law in either the first or second class, or (with the exception of books) in the third class, not exceeding seventy pounds in weight (when mailed for delivery within the first, second or third zones, not exceeding fifty pounds in weight when mailed for delivery within any of the other zones) nor greater in size

Orders Coming in Fast For War His-
tory—Two Boxes of Supplies
Shipped This Week.

The Red Cross war fund drive for one hundred million dollars will cover the dates from May 6 to 15, according to the word received by the Rush county chapter of Red Cross. Indiana's allotment in the drive is two million and one hundred dollars. Rush county's amount out of this allotment has not yet been set.

The management of the drive will rest with the organization to be formed at Tuesday's meeting in the court house, which will cover all war activities in the future and which will be representative of all Rush county and made up of persons from every township.

Orders are still coming into the headquarters as well as on the blanks posted, over the county for War Histories. This morning, an order for 26 histories came in from Manilla. Some persons are ordering as many as four and five books, intending to send them to former Rush county citizens who may not know of the publication.

Information on all branches of Red Cross Home Service may now be obtained at the headquarters in the recorder's office at the court house. A handbook has been received giving the details of information, such as how to address letters to soldiers, their exact location is not known and the plan of soldiers procuring government insurance.

Two large boxes were shipped out from headquarters this week. One contained 10 comforts, 49 pillows, 7 scarfs, 10 wash cloths, 20 towels, 11 pillows, 5 sweaters, 30 pair of socks, 10 pair of pajamas, 40 bed shirts, 20 handkerchiefs and 35 bathrobes. The other box contained 40 bed shirts, 20 handkerchiefs, 35 bath robes, 60 bed-shirts, 35 pair of pajamas, 50 pillow cases, 90 towels, 140 pair of socks, 30 handkerchiefs, 10 washcloths, 6 tray cloths, 2 rug and 2 comfort pillows.

Choir practice will be held at the Christian church this evening. Members of the choir are urged to be present.

American Patrols in
France Fight Like DevilsPicture of Yankees Using Fists
When Guns Cease—Firing Sends
Glow of Pride Through The Ranks
Today. German Raids on Ameri-
can Trenches Almost Constant.

PERSHING CAN HOLD HIS OWN

(By United Press.)

Washington, March 2.—American patrols in France have fought their hottest skirmish of the war with the Germans and "fought like devils."

This was the belief today of army men here awaiting official reports showing the dead, wounded and captured in the latest raid.

The picture of American boys fighting until their guns ceased firing and then using their fists on the invaders until their sector was free set a glow of pride through the ranks of army men today.

The German raids on the American trenches are now almost constant and of increasing bitterness. Coupled with Field Marshal Haig's report of raids all along the allied front, the German effort as in the

case of persistent attempts to test the strength of the sector, apparently is to seek a place to drive the first wedge of their anticipated great drive.

There is no longer any doubt whatever in the minds of the officer that the seasoned and highly trained troops of General Pershing are now ready and prepared to hold their own against that portion of the German drive which is designed to fall to the Americans. The repeated Tonten attacks on them and the use of all the most terrifying war measures against the Americans lead many officers here to believe theirs may be the duty to overcome the charge of the forthcoming German thrust.

12 AMERICAN PRISONERS

(By United Press.)

Berlin, March 2.—German forces are attacking American trenches and took twelve prisoners the war office announced.

"We penetrated enemy trenches held by the Americans inflicting heavy casualties," declared the report. "We took 12 prisoners."

He had thought that confining it to one family would be impossible, but they have succeeded in doing that.

Hours From Petrograd.

ENEMY IN A FAN FORMATION

(By United Press.)

Petrograd, March 2.—Petrograd is stripping for action. A special commission is clearing out the useless civilians, ousting the old, the young, invalids and unwilling soldiers.

The Germans are 3 hours from Luga, which is only 5 hours from Petrograd. The enemy line is in a fan formation. Valk is the chief food base and Pekoff the base of advance operation. No move of the Germans toward Luga has been reported. The Germans will not cease hostilities before Monday, Russian peace delegates reported.

"We order nothing to be given up without fighting," the proclamation said. "Our last word is that we must try to drive the Germans back to the west."

The railways exiting from Petrograd are closed. We are provided by a quick getaway with sleighs. In event of German occupation the governments will proceed to Moscow.

MRS MARY DIXON DIES
AFTER LONG ILLNESSOne of County's Best Known and
Most Influential Women Expires
This Afternoon.

FUNERAL PROBABLY MONDAY

After an illness of almost a year's duration, Mrs. Mary Dixon, 83 years of age, and one of Rush county's best known women, expired this afternoon at 2:15 at her home at the corner of Morgan and Fifth streets. Her death was caused from a complication of diseases, which started ten months ago. For the past few weeks, her condition has been very critical.

Mrs. Dixon was born in Cincinnati September, 1834. She was the widow of Henry Dixon, a wholesale grocer, who died nineteen years ago. Mrs. Dixon had made her home in this city for nineteen years, in the same residence where her death occurred. During that time she made a host of friends.

Mrs. Dixon was one of the county's influential women and had always been forward in civic enterprises, urging all movements for the betterment of the community. She was a member of the First Presbyterian church. Two children, Mrs. Charles A. Mauzy and Frank Dixon and one sister, Mrs. Belle Dunnohew.

The definite funeral arrangements have not been made but the services will probably be held at the residence on Monday afternoon.

A nine-pound boy was born to the wife of Myron R. Green in Indianapolis this morning. Myron Green is the son of Mr. and Mrs. T. M. Green of this city.

COUNTY MEET IS
"BIGGEST-BEST"Inspiring Gathering of Representa-
tives of 18 Christian Churches
in County

HELD AT MILROY YESTERDAY

Walter E. Frazee Heads Organiza-
tion—George C. Wyatt Reir-
ing President

True to the slogan which had been set for it, the Rush county convention of the Christian churches held in Milroy yesterday was the "Biggest and Best" of any of the conventions held up to this time in any of the 15 counties of the eastern district of which the churches of this county are a part according to G. I. Hoover, evangelist of the district. Large representations from each of the 18 churches in the county attended the meeting, which consisted of morning, afternoon and evening sessions.

The conventions, in the future will be held in the fall instead of spring and the next convention will be at the Little Flatrock Christian church some time this fall. The change in time was made because of the unsettled conditions of the weather usually at this time of the year and if held later in the spring, it would interfere with the busy season of the farmers.

Walter Frazee of this city was elected head of the organization for the coming year in the place of George C. Wyatt, the retiring president. Mrs. J. D. Case of this city was made vice-president; Will Bosley of Milroy, secretary and treasurer; Mrs. Bert Heaton of Little Flatrock, superintendent of Sunday school department; Lloyd Nelson of Milroy, Christian Endeavor superintendent; Mrs. J. J. Amos of this city, C. W. B. M. superintendent; secretary of education, G. F. Powers of Fairview.

The three principal addresses of the sessions were made by C. W. Cauble of Indianapolis, secretary of the Indiana Christian Missionary association; G. I. Hoover, evangelist of the eastern district and Mrs. Lyda Pearce of Indianapolis, state secretary of the C. W. B. M.

During the morning session, Mr. Hoover gave an inspiring address on "Statesmanship in the Management of the Local Church," giving a number of points of efficiency in church work of today. The great demand being made upon the churches of today and the unusual opportunity offered to them by the world's conflict was given by C. W. Cauble in his addresses. He spoke during the afternoon on "Getting Under the Whole Task of the Church," in which he urged his hearers to meet their obligations, and in the evening on "The Challenge Presented to the Church by the Present World Situation." Mrs. Pearce presented the "Five-Year Program of the C. W. B. M." and showed what was expected of the churches in reaching the aims.

Of the twelve churches in the state giving \$2 or more per capita towards missionary work, the new church at Glenwood in this county is one. The fact was brought out by Mrs. J. D. Case in her report of the C. W. B. M. work for the past year. She compared the accomplishments of the last six months to last year's work and showed the remarkable progress in practically every line. Of the 18 churches in the county, all but 6 have missionary societies.

The Rev. Mr. Adams of Milroy reported on the Christian Endeavor work of the county; G. I. Hoover and Mrs. S. F. Stewart of this city reported on the work done by the educational department.

"The Needs and Opportunities of Our Work in This County" were presented by the Rev. Mr. Reynolds and

The Blood Call

There is no finer sight in this old world than perfect blood loyalty—families bound by ties of blood, cemented into one compact band to promote and defend the interests of the whole.

The hour has struck when this call is ringing clear and loud above all others in the ears of the American people. Every city, every town, every hamlet and every community in the land has given of its best beloved blood to swell the expeditionary forces on the battle fields of France. These men have gone to fight our battles. They have offered their all in our service. The blood tie holds them firmly to the task which they dedicated to. We have the word of the commanders that their sacrifice is complete—that the blood loyalty is perfect.

But is theirs to be the only demonstration of the power of blood loyalty? What man worthy of the name, if he has a friend fighting his battles, will not back him up and support him to the limit of his power? Is the sacrifice to be out of all proportion to the gratitude of the beneficiary?

These thousands these hundreds of thousands, who have gone, are going, and who are yet to go—flesh of our flesh and blood of our blood—are appealing to us through every affection of the human heart for support, for sustenance, for co-op-

eration, for power. These we must furnish or their sacrifice will have been in vain.

But we Americans need to be told that the very essence of blood loyalty is sacrifice. Not only a professed willingness to sacrifice, if necessary but real sacrifice—the total subordinating of our interests to theirs.

Coming down to grim realities, the success or failure of our sons "over yonder" will depend on whether or not we at home will sacrifice to the tune of twenty billions of dollars yearly. There is absolutely no other way. This is the amount that Congress has allotted to the task, and it must all come from the people, and that over and above their own necessary expenditures. Armies are not fed and clothed and armed and equipped with ammunition simply by proclamation or by "appropriations." These can only authorize the necessary expenditures, the concrete supplies must come from our labors and our savings and our sacrifices.

Mother, father, sisters, brother, friends of our soldier boys, are we heeding the blood call? Are we not only "willing," but do we respond with every lethargy and indifference and selfishness manufacturing German bullets for their breasts—for, get it right that is the inevitable result if we fail in our response to the call.

The Lonesome Mule

Those responsible for the order that no more profanity is to be used by the mule drivers in our army in France, were doubtless moved by a worthy motive, but like many other worthy motives, it is most attractive in theory than in practice. The mule is an American institution. There has always been, in connection with this institution, a peculiar vocabulary that fits no other. The amenities of polite society are meaningless to his muleship. It is only when he begins to smell the sulphur as it drips from language of the driver, that the long-eared hybrid wakes up to the knowledge that there is "something doing," and begins to assert himself. If the report is true and the order is really in effect, the mule will feel like an orphan in a strange land, and if mules can think, he will call down curses on the day that he wandered so far from home and those friends who, if not the most polished in their diction, at least had the merit of perfect lucidity.

Herr Venustiano Von Carranza has sent a congratulatory telegram to the Kaiser on the occasion of the latter's birthday. When this country finishes with the master it will have leisure to attend to the man. That little German colony misnamed Mexico has its still coming to it.

Chancellor Van Hertling says that Germany must be thoroughly whipped before she will agree to the terms on which a just and lasting peace can be secured. (For once the Chancellor is thoroughly in accord with his foes.)

Our boys in camp have rebelled against German measles and want the name changed. They'd much prefer plain old itch.

ALMOST A YOUNG MAN AGAIN.

When a man awakes in the morning with back so stiff he can hardly stoop over, with shooting twinges in sides and groins, dark and puffed pouches under eyes—when his movements seem slowed up and he lacks vim and energy—instead of saying "I'm getting old," he should be on guard against kidney trouble. E. R. Whitehurst, R. F. D. 1, Norfolk, Va., writes: "I had been suffering for more than a year, but since taking Foley Kidney Pills I feel almost a young man again." F. B. Johnson. (Adv.)

Doctor said, "Bio-feren had done wonders for her."

Case 1724—School teacher; Residence—Kentucky; severe operation; left her weak, anaemic, nervous; low vitality. Physician recommended Bio-feren. Two weeks' treatment showed remarkable improvement. Doctor reported, "Bio-feren had done wonders for her."

Another case—Pennsylvanian, reports: "I have taken about one-half of the Bio-feren pellets and must confess that I feel like new."

A Kentuckian woman says: "I have taken Bio-feren regularly and feel much benefited. I can use my arms much better. However, can not get my hands to my head sufficiently to comb my hair, but I feel that I will soon be able to do that."

You want the vigorous health and ruddy beauty that is dependent on strength, nerves and red blood. Everybody does. Read those reports above, again. You, too, if you are dragged down in health and strength because of overwork, worry, nerves, and similar causes can rebuild your health and strength with Bio-feren. It is not a stimulant. It is a builder—a builder of better health.

Bio-feren contains some of the best ingredients known to the medical world, and is indicated for the treatment of run-down conditions due to overwork, worry, anaemia, melancholia, nervous debility, debility following infectious diseases, convalescence from acute fevers, etc.

There is no secret nor mystery about Bio-feren. Every package shows the elements it contains. Ask your physician about it, or have him write and we will send him complete formula.

And don't forget that Bio-feren is sold only on condition that you will return the empty package and allow us to refund your purchase price if, for any reason, you are not fully satisfied. Please bear that in mind for it is very important.

Bio-feren sells at \$1.00 for a large package. Your druggist can supply you or we will send it direct upon receipt of \$1.00; six packages for \$5.00, should you have any trouble in securing it. The Sentinal Remedies Company, Masonic Temple, Cincinnati, Ohio.

WABASH WONDER FIVE IS COMING

College Team Which Defeated Everything in Sight Last Year to Play Here Tuesday

LOCAL FANS BACK THE GAME

Independent Team Composed of Former High School Stars Will Meet Former Champions

Rushville basketball fans will have an opportunity next Tuesday night to see the most of the Wabash college wonder five, which made such a remarkable record last year, when it lines up against a local independent team at the Graham Annex. The Wabash Wonder Five defeated everything it met last year and had every quintet in the state and many outside the outclassed.

The local independent team will be composed of former high school stars with one exception. Beach of Arlington, who has been playing independent ball and who is said to be an exceptionally good guard, will appear in the line-up. Ralph Martin, who played his last year on the high school team last season, will be at center, and Dr. Verl Bebout and Bryce Stoops will play the forwards. Carroll and Frazier, together with Beach, will be at the guard positions.

Stonebraker, the giant center of the Wabash five, who has been playing with the Em-Roe championship quintet this season, will appear here in the game Tuesday night. He has the reputation of being one of the best centers if not the best ever in the state. He made a reputation in his high school days playing with Wingate when that quintet from a small town won the state championship.

Bacon, star guard on the Wonder Five, who is also playing with the Em-Roes, will be here, as will Devoel and Clements, forwards on the Wonder Five last year. It is not known now whether the other guard will be able to come.

The game is being backed by a group of local fans who are anxious to see this wonderful basketball organization in action, and who want to test the mettle of the former high school players here. They are having to put up a heavy guarantee and the basketball-loving fans are urged to turn out so that the men who are bringing the quintet here will not lose.

The local independents have been practicing diligently every evening since the game was arranged to get in trim for the battle.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well, what a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank or the subject of inside-bathing before breakfast.

RUSHVILLE LOSES UP AT RICHMOND

Quakers Defeat Local High School Basketball Team by Score of 41 to 22

RUSHVILLE IS HANDICAPPED

Absence of Reed, Star Guard and Slippery Floor Combined Contribute to Defeat

The Richmond basketball five wrestled the big end of a 41-22 count from the local quintet in the Richmond gym last night after an exciting struggle on the slippery floor. The Rushville team put up an excellent fight but their playing was marred by the size of the gym and the glassy-like floor which formerly had been a skating rink.

Keating played in his usual good form, locating the basket with ease and ran only a little behind the Quaker star forward at shooting goals. The entire score of 22 points given to the Rushville count was piled up by Keating, Tompkins and Brown who played left forwards alternately made a number of excellent plays and by their quick maneuvering assisted Keating in getting shots at the basket.

The local team was handicapped by the absence of Capt. Reed, the Gibraltar floor guard of the team, who was unable to play on account of illness. Norris and Perkins, the guards for the Rushville team, kept their men covered during the entire game and put up an excellent fight. Daily played center against Simmons, one of the Richmond stars.

The Richmond quintet scored a number of points on technical fouls called on the local five by referee Parker who was a former Richmond high school basketball star. Van Allen and Stegman, Richmond's star forwards put up an excellent fight and by their whirlwind playing paid the local quintet back in their own coin for the defeat which they suffered in the Rushville gym at the opening of the season.

The lineups follow: Rushville, Daily, center; Keating, Brown and Tompkins, forwards; Norris and Perkins guards; Richmond, Simmons, center; Stegman and Van Allen, forwards; Graffs, Harding and Price guards.

HAYS SAYS PARTIES ARE NOW REUNITED

Only One Republican Party, Says Chairman, "And Ready to Work For Country"

TO MEET EX-PRESIDENT TAFT

New York, Mar. 2.—"The parties are already united. There is only one republican party," declared Will Hays, chairman of the national republican committee when asked if his visit to leaders had brought a reunion.

"We have much work to do," he continued, "for the good of the country and we will do it." The statement was given out after a meeting between Hays and Senator Johnson of California.

Plans of Hays to meet former President Taft at the latter's home in New Haven probably will fall through. Hays expects to leave tomorrow for Indianapolis. Taft is on a speaking tour. It was said arrangements may be made for Taft and Hays to meet on the train which will carry Hays back to Indiana.

Signs of Spring Are Here in Abundance Today

Spring signs were heard and seen in abundance today. Robins by the dozens have been seen singing as merrily as if the summer sunshine was beaming down upon them. Still more conclusive was the sight by residents south of the city early this morning when a long dun-colored arrow of wild ducks were flying northward. Yesterday a large flock of wild geese was seen going in the same direction. These birds seldom miss their calculations.

At the Main Street Christian church the regular services will be conducted at the church both morning and evening by the pastor, the Rev. L. E. Brown.

THE LITCHFIELD GUARANTEE

Buyers have been so many times misled and disappointed with the usual carelessly given and as carelessly backed up GUARANTEE that we want to tell our customers what a real, genuine machine guarantee is.

We are selling the RUSHVILLE SPECIAL manure spreader, manufactured by The Litchfield Mfg. Co., and we have the privilege of issuing with every machine we put out, a WRITTEN GUARANTEE BOND, which we send to the factory for an official signature, and this guarantee then comes to the owner of the spreader and protects him for FIVE YEARS.

The reason this unusual and unquestionable guarantee can be given on this spreader is because the manufacturers know how it is built and what kind of material is put into it and are ready to back it up accordingly.

The Litchfield Co. have developed this spreader along its present lines for fifteen years. They are the oldest builders of manure spreaders now in the business, and probably are producing the largest number of machines of any one factory in the United States. They make manure spreaders and they make nothing else. They know the game from "A" to "Z" and when you get a Litchfield Spreader from our stock of machines we are in position to give you a KNOWN guarantee which under ordinary conditions and with many ordinary machines, would be entirely impossible.

Come in and see this guaranteed spreader and let us show you the GUARANTEE BOND that we are permitted to issue with it and which is backed by the factory in connection with each individual sale. Come and see for yourself.

MUST SAFEGUARD PEACE IN FAR EAST

Reports From Some Quarters Believe There Are Enemy Submarines Active Now.

THE JAPANESE ARE SILENT

(By United Press.)

London, March 2.—Announcement has been made in Tokio pointing out the necessity for safe guarding the peace of the east, according to dispatches received today.

Some quarters are said to be apprehensive of the possibility of enemy submarines and sea planes operating from Vladozok.

"The government is silent but there is reason to believe that preparations are complete for enabling the nation to rise to the occasion when the necessity demands," said

What Union Labor Thinks of Strike Weapon in War-Time

Two weeks ago striking carpenters in Eastern shipyards were recalled to their tasks only by a direct message from the White House, in which the President concluded his remarks by asking them, "will you cooperate or will you obstruct?"

For the benefit of our readers who may have been led to wonder whether labor really intends to cooperate or obstruct, we have asked the editors of many journals representing organized labor whether in their opinion disaffected labor in war industries should accept Government arbitration instead of striking.

The replies are published in this week's issue of THE LITERARY DIGEST—March 2d. While the minority which speaks for socialists and "working class" radicals insists that labor, in the words of the *Wheeling Majority*, "should never in war or peace give up its right to strike," other labor editors reflect a different opinion. For instance, the *Labor World* (Duluth) says that "No American workmen who have any regard for their country and the great principles of human liberty and democracy which are at stake in this war, will do one act that will delay for a single moment the building of a ship or the production of an article needed to feed, clothe, or equip our boys in France or in training at home."

Chief of Police Was Charged
is Returned

SHORTLY AFTER 2 P. M. TODAY

Judge, Sparks Sentences Taylor to
Serve the Sentence in the
State Penal Farm

JURY IS OUT OVER 3 HOURS

Defense Was That Taylor Did Not
Assault Yakey—Defendant Not
Put on Stand

The jury in the case of the state against Chester Taylor, accused in a grand jury indictment of assaulting Chief of Police Yakey last Monday, returned a verdict shortly after two o'clock this afternoon, sentencing Taylor to a term of ninety days imprisonment and fining him \$200. Judge Sparks promptly sentenced Taylor to serve the term in the state penal farm at Greencastle.

The case went to the jury at exactly 10:40 o'clock when the court finished reading their instructions, after an hour and a half had been consumed in the argument.

Several spats between the attorneys took place during the argument and the court had to be called to the bench twice. Chauncey Duncan, Taylor's attorney, insisted on referring to his client as the 24-year-old, 135-pound boy and Albert Stevens, prosecuting attorney, objected on the ground that there was no evidence introduced to show what Taylor's actual weight is. Anyway, Taylor weighs more than 135 pounds.

The judge instructed the attorney for the defense to stick to the record. Mr. Duncan moved that the jury be dismissed when the prosecutor, in making his closing argument, pointed out that the defense had not taken advantage of its chance to place character witnesses on the stand to show the defendant's reputation for peace and quietude in the community. The motion of the attorney for the defense was overruled; Judge Sparks holding that the prosecutor's statement was according to court practice. He said, however, that the reputation of the defendant should not be referred to since it had not been made a part of the record.

Taylor was not placed on the stand and the prosecuting attorney, while not directly mentioning this fact, inferred that the defense was fearful of the results if he had been allowed to testify.

The whole case rested on the question as to whether Taylor actually assaulted Chief of Police Yakey. Mrs. Cornelia Lyons, a state witness, testified she saw Taylor hit him and twist his legs around while he lay on the ground. Harold Wallace, son of Frank Wallace, who saw the whole affair said he did not remember seeing Taylor strike Yakey, but that he picked up his cap and apparently tried to lift him up. He said, however, that Taylor did draw his gun.

The defendant's attorney, in his argument laid emphasis on the fact that Taylor's resisting arrest was not the offense charged, but that it had to be shown that he had assaulted Yakey. The attorney admitted that Taylor had done wrong in resisting arrest, but said he did not assault Yakey.

The prosecuting attorney insisted that Taylor should not be allowed to escape with a fine, but that he should be given the maximum jail sentence under the law, six months.

Illness, Disease Developing
After the Measles

FUNERAL SUNDAY AT 2 P. M.

Eugene Nelson, the nineteen-year-old son of Mr. and Mrs. Alphonso Nelson of Union township died at the home of his parents yesterday afternoon at 3:15 following an illness of only a few days. He had been taken sick with measles and was apparently doing very nicely when lobar pneumonia developed and caused his death. He had been very strong and was a young man of almost perfect physique. His death came as a great shock.

He was born in Rush county and had always made his home here. His parents, Mr. and Mrs. Nelson, one brother, Lloyd Nelson of Milroy and one sister, Mrs. Minor Bell of Union township, survive. The funeral services will be conducted tomorrow afternoon at 2 o'clock at the Plum Creek Christian church, of which the young man was a member. The Rev. Alphonso Burns of Gwynneville will conduct the services.

COMMUNITY CLUB MEETING

A Canning club for the girls of the Fairview neighborhood and pig and corn clubs for the boys may result from the meeting of the Fairview Community club held last night in the school there when Mr. Beland of Purdue talked on the value of these clubs and urged that they be formed in the near future for the benefit of the young farmers. Mr. Beland's talk covered a number of practical farm questions.

"Being an American Citizen" was the subject of the interesting talk given by the Rev. G. F. Powers. Marion F. Dietrich's talk on "Treating Oats for Smut" showed the grave importance of farmers giving their attention to this blight and following the most modern methods in treating the grain. Other numbers on the program were the selections by the orchestra, and a reading by Delores Ewbank.

The next meeting will be held the first Friday in April. An excellent attendance marked last night's meeting.

The remains of Miss Elizabeth Powell who died Sunday in Banning, Cal., have arrived in this city and were taken to the home of her uncle, Frank Flint, 218 West First street, where the funeral services will be conducted tomorrow afternoon at 2:30 o'clock. Burial will be at East Hill cemetery. Miss Powell was the daughter of Mrs. Robert Collins and formerly lived in this city. Tuberculosis caused her death.

DISTRIBUTION OF
FOOD MADE EASIERNew Ruling of Postal Department
Allows 70 Pound Packages by
Parcel Post

WILL BE BOON TO FARMERS

Seven Pound Limit Will Continue on
Parcels Sent to Soldiers in
Europe

The latest ruling of the postoffice department affecting parcel post, allowing packages shipped in this way to be much larger and covering a wider scope of articles, which goes into effect March 15 will be gladly received by the farmers of Rush county who can ship their produce this way under the new regulations. Packages may then weigh as much as 70 pounds when shipped into the first, second or third zones, and as much as fifty pounds when shipped into any of the other zones. This allows for a great increase because heretofore, the limit was 20 pounds in any zone. The size shall not exceed 84 inches in length and girth combined.

The increased weight limit will be of a particular advantage to farmers as, through parcel post, producers and consumers can come in direct contact, thereby facilitating the conservation and distribution of food, which is the most important factor in winning the war.

The only exception to the rule is that the increased weight limit does not apply to the mail sent the expeditionary forces in Europe. The limit for that mail is 7 pounds. For persons wishing to send packages to boys in American training camps, however, the rule will prove a great convenience. Camp Taylor is in the second zone and boys there can receive packages weighing as much as 70 pounds while the boys in Camp Shelby can get parcels weighing as much as fifty pounds, for Hattiesburg is in the fifth zone.

The new rule reads: Fourth class mail matter shall embrace all other matter, including farm and factory products (and books) not now embraced by law in either the first or second class, or (with the exception of books) in the third class, not exceeding seventy pounds in weight (when mailed for delivery within the first, second or third zones, not exceeding fifty pounds in weight when mailed for delivery within any of the other zones) nor greater in size

Orders are still coming in to the headquarters as well as on the blanks posted, over the county for War Histories. This morning, an order for 26 histories came in from Manilla. Some persons are ordering as many as four and five books, intending to send them to former Rush county citizens who may not know of the publication.

Information on all branches of Red Cross Home Service may now be obtained at the headquarters in the recorder's office at the court house. A handbook has been received giving the details of information, such as how to address letters to soldiers, if their exact location is not known and the plan of soldiers procuring government insurance.

American Patrols in

When Guns Cease Firing Sends
Glow of Pride Through The Ranks
Today. German Raids on American
Trenches Almost Constant.

PERSHING CAN HOLD HIS OWN

(By United Press.)

Washington, March 2.—American patrols in France have fought their hottest skirmish of the war with the Germans and "fought like devils."

This was the belief today of army men here awaiting official reports showing the dead, wounded and captured in the latest raid.

The picture of American boys fighting until their guns ceased firing and then using their fists on the invaders until their sector was free set a glow of pride through the ranks of army men today.

The German raids on the American trenches are now almost constant and of increasing bitterness. Coupled with Field Marshal Haig's report of raids all along the Allied front, the German effort against the

case of persistent attempts to test the strength of the sector, apparently is to seek a place to drive the first wedge of their anticipated great drive.

There is no longer any doubt whatever in the minds of the officers that the seasoned and highly trained troops of General Pershing are now ready and prepared to hold their own against that portion of the German drive which is designed to fall to the Americans. The repeated Teuton attacks "on them and the use of all the most terrifying war measures against the Americans lead many officers here to believe they may be the duty to overcome the charge of the forthcoming German thrust.

ENEMY IN A FAN FORMATION

(By United Press.)

Petrograd, March 2.—Petrograd is stripping for action. A special commission is clearing out the useless civilians, ousting the old, the young, invalids and unwilling soldiers.

The Germans are 3 hours from Luga, which is only 5 hours from Petrograd. The enemy line is in a fan formation. Volk is the chief food base and Pelloff the base of advance operation. No move of the Germans toward Luga has been reported. The Germans will not cease hostilities before Monday, Russian peace delegates reported.

"We order nothing to be given up without fighting," the proclamation said. "Our last word is that we must try to drive the Germans back to the west."

The railways exiting from Petrograd are closed. We are provided by a quick getaway with sleighs. In event of German occupation the governments will proceed to Moscow.

MRS MARY DIXON DIES
AFTER LONG ILLNESSOne of County's Best Known and
Most Influential Women Expires
This Afternoon.

FUNERAL PROBABLY MONDAY

After an illness of almost a year's duration, Mrs. Mary Dixon, 83 years of age, and one of Rush county's best known women, expired this afternoon at 2:15 at her home at the corner of Morgan and Fifth streets. Her death was caused from a complication of diseases, which started ten months ago. For the past few weeks, her condition has been very critical.

Mrs. Dixon was born in Cincinnati September, 1834. She was the widow of Henry Dixon, a wholesale grocer, who died nineteen years ago. Mrs. Dixon had made her home in this city for nineteen years, in the same residence where her death occurred. During that time she made a host of friends.

Mrs. Dixon was one of the county's influential women and had always been forward in civic enterprises, urging all movements for the betterment of the community. She was a member of the First Presbyterian church. Two children, Mrs. Charles A. Maury and Frank Dixon and one sister, Mrs. Belle Dunnahoo.

The definite funeral arrangements have not been made but the services will probably be held at the residence on Monday afternoon.

A nine-pound boy was born to the wife of Myron B. Green in Indianapolis this morning. Myron Green is the son of Mr. and Mrs. M. B. Green of this city.

COUNTY MEET IS
"BIGGEST-BEST"Inspiring Gathering of Representa-
tives of 18 Christian Churches
in County

HELD AT MILROY YESTERDAY

Walter E. Frazee Heads Organiza-
tion—George C. Wyatt Re-
tiring President

True to the slogan which had been set for it, the Rush county convention of the Christian churches held in Milroy yesterday was the "Biggest and Best" of any of the conventions held up to this time in any of the 15 counties of the eastern district of which the churches of this county are a part according to G. I. Hoover, evangelist of the district. Large representations from each of the 18 churches in the county attended the meeting, which consisted of morning, afternoon and evening sessions.

The conventions, in the future will be held in the fall instead of spring, and the next convention will be at the Little Flatrock Christian church some time this fall. The change in time was made because of the unsettled conditions of the weather usually at this time of the year and if held later in the spring, it would interfere with the busy season of the farmers.

Walter Frazee of this city, was elected head of the organization for the coming year in the place of George C. Wyatt, the retiring president. Mrs. J. D. Case of this city was made vice president, Will Bosley of Milroy, secretary and treasurer; Mrs. Bert Heaton of Little Flatrock, superintendent of Sunday school department; Lloyd Nelson of Milroy, Christian Endeavor superintendent; Mrs. J. J. Amos of this city, C. W. B. M. superintendent; secretary of education, G. F. Powers of Fairview.

The three principal addresses of the sessions were made by C. W. Cauble of Indianapolis, secretary of the Indiana Christian Missionary association; G. I. Hoover, evangelist of the eastern district and Mrs. Lydia Pearce of Indianapolis, state secretary of the C. W. B. M.

During the morning session, Mr. Hoover gave an inspiring address on "Statesmanship in the Management of the Local Church," giving a number of points of efficiency in church work of today. The great demand being made upon the churches of today and the unusual opportunity offered to them by the world's conflict was given by C. W. Cauble in his addresses. He spoke during the afternoon on "Getting Under the Whole Task of the Church," in which he urged his hearers to meet their obligations, and in the evening on "The Challenge Presented to the Church by the Present World Situation." Mrs. Pearce presented the "Five-Year Program of the C. W. B. M." and showed what was expected of the churches in reaching the aims.

Of the twelve churches in the state giving \$2 or more per capita towards missionary work, the first church at Glenwood in this county is one. The fact was brought out by Mrs. J. D. Case in her report of the C. W. B. M. work for the past year. She compared the accomplishments of the last six months to last year's work and showed the remarkable progress in practically every line. Of the 18 churches in the county, all but 6 have missionary societies.

The Rev. Mr. Adams of Milroy reported on the Christian Endeavor work of the county. G. I. Hoover and Mrs. S. P. Steward of this city reported on the work done by the educational department.

BIG INTEREST IN MEETING

Purpose of Session Tuesday Insures a Large Attendance.

Great interest is centered about the patriotic mass meeting to be held in the sheriff's office at the court house on Tuesday afternoon at one o'clock. Representatives from all of the patriotic organizations and movements conducted in the county will be present at the meeting. The general public is invited and those in charge are very desirous of having a

representative attendance from all parts of the county. The importance of the meeting is based on the fact that a permanent war relief organization will be formed which will cover all patriotic enterprises in the future, the raising of all funds and all war drives.

Lowell Henley of Carthage, brother of Mrs. Leonard Clark of this city, is now supposed to be on his way to France. He was with a regiment of mechanics in training at Camp Hancock, Ga., and is classed as a first class electrician.

The Blood Call

There is no finer sight in this old world than perfect blood loyalty—families bound by ties of blood, cemented into one compact band to promote and defend the interests of the whole.

The hour has struck when this call is ringing clear and loud above all others in the ears of the American people. Every city, every town, every hamlet and every community in the land has given of its best blood to swell the expeditionary forces on the battle fields of France. These men have gone to fight our battles. They have offered their all in our service. The blood tie holds them firmly to the task which they dedicated to. We have the word of the commanders that their sacrifice is complete—that the blood loyalty is perfect.

But is theirs to be the only demonstration of the power of blood loyalty? What man worthy of the name, if he has a friend fighting his battles, will not back him up and support him to the limit of his power? Is the sacrifice to be out of all proportion to the gratitude of the beneficiary?

These thousands these hundreds of thousands who have gone, are going, and who are yet to go—flesh of our flesh and blood of our blood—are appealing to us through every affection of the human heart for support, for sustenance, for sacri-

eration, for power. These we must furnish or their sacrifice will have been in vain.

But we Americans need to be told that the very essence of blood loyalty is sacrifice. Not only a professed willingness to sacrifice, if necessary, but real sacrifice—the total subordination of our interests to theirs.

Coming down to grim realities, the success or failure of our sons "over yonder" will depend on whether or not we at home will sacrifice to the tune of twenty billions of dollars yearly. There is absolutely no other way. This is the amount that Congress has allotted to the task, and it must all come from the people, and that over and above their own necessary expenditures. Armies are not fed and clothed and armed and equipped with ammunition simply by proclamation or by "appropriations." These can only authorize the necessary expenditures, the concrete supplies must come from our labors and our savings and our sacrifices.

Mother, father, sisters, brother, friends of our soldier boys, are we heeding the blood call? Are we not only "willing," but do we respond with every lethargy and indifference and selfishness manufacturing German bullets for their breasts—for get it right that is the inevitable result if we fail in our response to the call.

The Lonesome Mule

Those responsible for the order that no more profanity is to be used by the mule drivers in our army in France, were doubtless moved by a worthy motive, but like many other worthy motives, it is most attractive in theory than in practice. The mule is an American institution. There has always been, in connection with this institution, a peculiar vocabulary that fits no other. The amenities of polite society are meaningless to his muleship. It is only when he begins to smell the sulphur as it drips from language of the driver, that the long-eared hybrid wakes up to the knowledge that there is "something doing," and begins to assert himself. If the report is true and the order is really in effect, the mule will feel like an orphan in a strange land, and if mules can think, he will call down curses on the day that he wandered so far from home and those friends who, if not the most polished in their diction, at least had the merit of perfect lucidity.

Herr Venustiano Von Carranza has sent a congratulatory telegram to the Kaiser on the occasion of the latter's birthday. When this country finishes with the master it will have leisure to attend to the man. That little German colony misnamed Mexico has its still coming to it.

Chancellor Van Hertling says that Germany must be thoroughly whipped before she will agree to the terms on which a just and lasting peace can be secured. For once the Chancellor is thoroughly in accord with his foes.

Our boys in camp have rebelled against German measles and want the name changed. They'd much prefer plain old itch.

ALMOST A YOUNG MAN AGAIN

When a man awakes in the morning with back so stiff he can hardly stoop over, with shooting twinges in sides and groins, dark and puffed pouches under eyes—when his movements seem slowed up and he lacks vim and energy—instead of saying "I'm getting old," he should be on guard against kidney trouble. E. R. Whitehurst, R. F. D. 1, Norfolk, Va., writes: "I had been suffering for more than a year, but since taking Foley Kidney Pills I feel almost a young man again." F. B. Johnson. (Adv.)

Doctor said, "Bio-feren had done wonders for her."

Case 1724—School teacher; Residence—Kentucky; severe operation; left her weak, anemic, nervous; low vitality. Physician recommended Bio-feren. Two weeks' treatment showed remarkable improvement. Doctor reported, "Bio-feren had done wonders for her."

Another case—Pennsylvania, reports: "I have taken about one-half of the Bio-feren pellets and must confess that I feel like new."

A Kentuckian woman says: "I have taken Bio-feren regularly and feel much benefited. I can use my arms much better. However, can not get my hands to my head sufficiently to comb my hair, but I feel that I will soon be able to do that."

You want the vigorous health and ruddy beauty that is dependent on strength, nerves and red blood. Everybody does. Read those reports above, again. You, too, if you are dragged down in health and strength because of overwork, worry, nerves, and similar causes can rebuild your health and strength with Bio-feren. It is not a stimulant. It is a builder—a builder of better health.

Bio-feren contains some of the best ingredients known to the medical world, and is indicated for the treatment of run-down conditions due to overwork, worry, anemia, melancholia, nervous debility, following infectious diseases, convalescence from acute fevers, etc.

There is no secret nor mystery about Bio-feren. Every package shows the elements it contains. Ask your physician about it, or have him write and we will send him complete formula.

And don't forget that Bio-feren is sold only on condition that you will return the empty package and allow us to refund your purchase price, if for any reason you are not fully satisfied. Please bear that in mind for it is very important.

Bio-feren sells at \$1.00 for a large package. Your druggist can supply you or we will send it direct upon receipt of \$1.00; six packages for \$5.00, should you have any trouble in securing it. The Serravallo Remedies Company, Masonic Temple, Cincinnati, Ohio.

WABASH WONDER FIVE IS COMING

College Team Which Defeated Everything in Sight Last Year to Play Here Tuesday

LOCAL FANS BACK THE GAME

Independent Team Composed of Former High School Stars Will Meet Former Champions

Rushville basketball fans will have an opportunity next Tuesday night to see the most of the Wabash college Wonder five, which made such a remarkable record last year, when it lined up against a local independent team at the Graham Annex. The Wabash Wonder Five defeated everything it met last year and had every quintet in the state and many outside the outclassed.

The local independent team will be composed of former high school stars with one exception. Beach of Arlington, who has been playing independent ball and who is said to be an exceptionally good guard, will appear in the line-up. Ralph Martin, who played his last year on the high school team last season, will be at center, and Dr. Veri Bebout and Bryce Stoops will play the forwards. Carroll and Frazier, together with Beach, will be at the guard positions.

Stonebraker, the giant center of the Wabash five, who has been playing with the Em-Roe championship quintet this season, will appear here in the game Tuesday night. He has the reputation of being one of the best centers if not the best ever in the state. He made a reputation in his high school days playing with Wingate when that quintet from a small town won the state championship.

Bacon, star guard on the Wonder Five, who is also playing with the Em-Roes, will be here, as will Devol and Clements, forwards on the Wonder Five last year. It is not known now whether the other guard will be able to come.

The game is being backed by a group of local fans who are anxious to see this wonderful basketball organization in action, and who want to test the mettle of the former high school players here. They are having to put up a heavy guarantee, and the basketball-loving fans are urged to turn out so that the men who are bringing the quintet here will not lose.

The local independents have been practicing diligently every evening since the game was arranged to get in trim for the battle.

RUSHVILLE LOSES UP AT RICHMOND

Quakers Defeat Local High School Basketball Team by Score of 41 to 22

RUSHVILLE IS HANDICAPPED

Absence of Reed, Star Guard and Slippery Floor Combined Contribute to Defeat

The Richmond basketball five wrestled the big end of a 41-22 count from the local quintet in the Richmond gym last night after an exciting struggle on the slippery floor. The Rushville team put up an excellent fight but their playing was marred by the size of the gym and the glassy-like floor which formerly had been a skating rink.

Keating played in his usual good form, locating the basket with ease and ran only a little behind the Quaker star forward at shooting goals. The entire score of 22 points given to the Rushville count was piled up by Keating, Tompkins and Brown who played left forwards alternately made a number of excellent plays and by their quick maneuvering assisted Keating in getting shots at the basket.

The local team was handicapped by the absence of Capt. Reed, the Gibraltar floor guard of the team, who was unable to play on account of illness. Norris and Perkins, the guards for the Rushville team, kept their men covered during the entire game and put up an excellent fight. Daily played center against Simmons, one of the Richmond stars.

The Richmond quintet scored a number of points on technical fouls called on the local five by referee Parker who was a former Richmond high school basketball star. Van Allen and Stegman, Richmond's star forwards put up an excellent fight and by their whirlwind playing paid the local quintet back in their own coin for the defeat which they suffered in the Rushville gym at the opening of the season.

The lineups follow: Rushville, Daily, center; Keating, Brown and Tompkins, forwards; Norris and Perkins guards; Richmond, Simmons, center; Stegman and Van Allen, forwards; Graffs, Harding and Price guards.

HAYS SAYS PARTIES ARE NOW REUNITED

Only One Republican Party, Says Chairman, "And Ready to Work For Country"

TO MEET EX-PRESIDENT TAFT

New York, Mar. 2.—"The parties are already united. There is only one republican party," declared Will Hays, chairman of the national republican committee when asked if his visit to leaders had brought a reunion.

"We have much work to do," he continued, "for the good of the country and we will do it." The statement was given out after a meeting between Hays and Senator Johnson of California.

Plans of Hays to meet former President Taft at the latter's home in New Haven probably will fall through. Hays expects to leave tomorrow for Indianapolis. Taft is on a speaking tour. It was said arrangements may be made for Taft and Hays to meet on the train which will carry Hays back to Indiana.

No Doubt About Spring Coming

One Sign That Never Fails, When Merchants Begin Displaying New Garments and Materials and Milliners Exhibit Latest Shapes, Amid Hurry and Flurry of Preparation for Spring Openings.

Spring is coming. The weather man doesn't predict it—the mercury doesn't show it but there is a sign just as sure and that is merchants are unpacking and displaying the spring garments and materials. Millinery stores are piled high with the new chic shapes, some trimmed, some in the making and some yet to be transformed into the very latest models. Great bolts of the new dress goods in all of the new shades are being unwrapped by the merchant. New coats and suits are coming in and price tags are being hung on them. No sign could be surer of the arrival of the coveted season than the hurry and flurry in the stores making ready for the spring openings.

There is yet another proof. While the fact that women's new spring garments are arriving is one evidence, the fact that the man of the house has ceased to order coal is a sign that he has great faith in the early arrival of warmer days. Coal and coal and more coal has been coming into the coal yards this week and for the first time in many weeks, the dealers have had enough and too much to supply their customers. One dealer has had six cars of eastern coal this week and because he did not have room for any more, contemplated an order for a car that was to arrive later in the week. Practically all of the dealers have had some coal.

Invitations have been issued to an informal reception which will be given tomorrow afternoon at the home of Mr. and Mrs. Josiah Bishop 1021 North Main street, honoring their golden wedding anniversary.

The members of the Shakespeare club and their guests were entertained Monday evening by Prof. Jenkins of Indiana university who will deliver a lecture on Robert Browning at the library.

The ladies of the Methodist church will sew at the Red Cross headquarters on Monday. A large attendance of workers is urged.

Signs of Spring Are

Here in Abundance Today

Spring signs were heard and seen in abundance today. Robins by the dozens, have been seen singing as merrily as if the summer sunshine was beaming down upon them. Still more conclusive was the sight by residents south of the city early this morning when a long, dun-colored arrow of wild ducks were flying northward. Yesterday a large flock of wild geese was seen going in the same direction. These birds seldom miss their calculations.

At the Main Street Christian church the regular services will be conducted at the church both morning and evening by the pastor, the Rev. L. E. Brown.

THE LITCHFIELD GUARANTEE

Buyers have been so many times misled and disappointed with the usual carelessly given and as carelessly backed-up GUARANTEE that we want to tell our customers what a real, genuine machine guarantee is.

We are selling the RUSHVILLE SPECIAL manure spreader, manufactured by The Litchfield Mfg. Co., and we have the privilege of issuing with every machine we put out, a WRITTEN GUARANTEE BOND, which we send to the factory for an official signature, and this guarantee then comes to the owner of the spreader and protects him for FIVE YEARS.

The reason this unusual and unquestionable guarantee can be given on this spreader is because the manufacturers know how it is built and what kind of material is put into it and are ready to back it up accordingly.

The Litchfield Co. have developed this spreader along its present lines for fifteen years. They are the oldest builders of manure spreaders now in the business, and probably are producing the largest number of machines of any one factory in the United States. They make manure spreaders and they make nothing else. They know the game from "A" to "Z" and when you get a Litchfield spreader from our stock of machines we are in position to give you a KNOWN guarantee which under ordinary conditions and with many ordinary machines, would be entirely impossible.

Come in and see this guaranteed spreader and let us show you the GUARANTEE BOND that we are permitted to issue with it and which is backed by the factory in connection with each individual sale. Come and see for yourself.

MUST SAFEGUARD PEACE IN FAR EAST

Reports From Some Quarters Believe There Are Enemy Submarines Active Now.

THE JAPANESE ARE SILENT

(By United Press.)
London, March 2.—Announcement has been made in Tokio pointing out the necessity for safe guarding the peace of the east, according to dispatches received today.

Some quarters are said to be apprehensive of the possibility of enemy submarines and sea planes operating from Vladivostok.

"The government is silent but there is reason to believe that preparations are complete for enabling the nation to rise to the occasion when the necessity demands," said

What Union Labor Thinks of Strike Weapon in War-Time

Two weeks ago striking carpenters in Eastern shipyards were recalled to their tasks only by a direct message from the White House, in which the President concluded his remarks by asking them, "will you cooperate or will you obstruct?"

For the benefit of our readers who may have been led to wonder whether labor really intends to cooperate or obstruct, we have asked the editors of many journals representing organized labor whether in their opinion disaffected labor in war industries should accept Government arbitration instead of striking.

The replies are published in this week's issue of THE LITERARY DIGEST—March 2d. While the minority which speaks for socialists and "working class" radicals insists that labor, in the words of the *Wheeling Majority*, "should never in war or peace give up its right to strike," other labor editors reflect a different opinion. For instance, the *Labor World* (Duluth) says that "No American workmen who have any regard for their country and the great principles of human liberty and democracy which are at stake in this war, will do one act that will delay for a single moment the building of a ship or the production of an article needed to feed, clothe, or equip our boys in France or in training at home."
